

Let's Go Shopping! Cruise into Kindergarten Playscape

***Come explore our play and learn area:
One, Two, Three, Play with Me!***

1. Follow your child's lead while exploring the different activities and use natural opportunities to extend language and concepts. For example, if your child chooses to start playing with the Let's Go Shopping Cash Register, "Look at this cash register! It has a scanner just like the one at the grocery store. What will you buy today? Let's see what the choices are!"
2. Let your child choose one of the books for you to read aloud. As you share the book, connect the story, characters, or concepts to the materials you have been playing with together. For example, "Look, this book is all about going shopping at the grocery store. Let's see if they buy some of the same foods as the ones you just rang up on the cash register." Your child may also enjoy using the toys in this playscape to make up a story about going shopping!
3. Build scissor skills with the food shapes or other cutting practice activities we have provided. Help your child and "share the scissors" as needed to keep it fun!
