

My Colorful World Cruise into Kindergarten Playscape

***Come explore our play and learn area:
One, Two, Three, Play with Me!***

1. Follow your child's lead while exploring the different activities and use natural opportunities to extend language and concepts. For example, if your child chooses to start playing with the Size and Color Teddy Bear Counters, "Look at all of the different colors! Let's see if we can use this tray to sort the teddy bears by what color they are. We can put all the red ones in the first row. What color should go in the second row?"
2. Let your child choose one of the books for you to read aloud. As you share the book, connect the story, characters, or concepts to the materials you have been playing with together. For example, "Look, this book has tabs so you can turn to different parts! The title is *My First Colors: Let's Learn Them All*. We can read to see if they have all of the teddy bear colors you just sorted." Your child may also enjoy using the toys in this playscape to make up a story about colors.
3. Build scissor skills with the themed shapes or other cutting practice activities we have provided. Help your child and "share the scissors" as needed to keep it fun!
