

The programming options are provided to support a range of implementation based upon library staffing and community needs. The materials and activities in the Play K curriculum are meant to support Pennsylvania's Learning Standards for Early Childhood and promote school readiness.

Playscape 1: All Aboard!

This playscape explores the theme of transportation with preschoolers. The big idea for the theme is: Transportation, in its many forms, is important to our daily lives. Two essential questions guide the programming options: How do we get from place to place? What ways of transportation help us travel on land, water, and in the sky? A variety of key learning areas are reinforced as the children and parents play together and participate in the activities.

Follow your child's lead while exploring the different activities and use natural opportunities to extend language and concepts. For example, if your child chooses to start playing with the Vehicle Sorting Center, you might say, "Look at all of these vehicles! Let's see how many ways you can sort them out." 2. Let your child choose one of the books for you to read aloud. As you share the book, connect the story, characters, or concepts to the materials you have been playing with 	<p><u>Circle Time: Playing Kindergarten!</u></p> <p>Gather children in a circle to simulate a kindergarten experience. Praise children for how nicely they are sitting with their eyes on you, and tell them that their kindergarten teacher will love to see this when they start school! 2. Explain that in kindergarten there will be rules to follow during Circle Time. One rule we will practice today is to raise your hand and wait to be called on when you want to say something. Assure them that you will remind them if they forget, but that you are sure they will try their best! 3. Go over the calendar with the children as they do in kindergarten, using the "My First Calendar" board. Pose this question to the children to introduce what they will be learning about today: How did you get to the library today? Did you walk, or take the bus, or come in a car, or any other way that I haven't named? Introduce the vocabulary word, <i>transportation</i>, and explain that it means a way to get from place to place. Ask the children to say the word with you. So if you walked today, your transportation was your own two feet, and if you came by car, then the car was your transportation.</p> <p>5. Introduce the vocabulary word, <i>vehicle</i>, and explain that this word means something you can "travel in" to get from place to place. Ask children to repeat the word with you. Choose the sorting card that sorts the vehicles by type of travel (land, water, sky) and model sorting the vehicles with the children's input. Tell children and parents that this activity will be available for everyone to play with after Circle Time. 7. Share one of the stories from the kit, reinforcing early literacy concepts and connecting to the new vocabulary terms, <i>transportation</i> and <i>vehicle</i>. 8. Briefly introduce the Transportation Puzzles & Toy Vehicles. Share the Transportation File Folder Games and preview one or two of the games. Tell children and parents that the games and toys will be available for everyone to play with after Circle Time, also! 9. Close circle time with a song, praise the children for trying their best to remember to raise their hand today, and announce the next Play K.
