

Sets & Patterns All Around Cruise into Kindergarten Playscape

***Come explore our play and learn area:
One, Two, Three, Play with Me!***

1. Follow your child's lead while exploring the different activities and use natural opportunities to extend language and concepts. For example, if your child chooses to start playing with the Literature Based Sorting Center, "Look at all of the different ways you can sort the fish! You can sort them by color, by size, and even type of fish. Which sorting card would you like to start with?"
2. Let your child choose one of the books for you to read aloud. As you share the book, connect the story, characters, or concepts to the materials you have been playing with together. For example, "Look, this book is *A Pair of Socks* by Stuart J. Murphy. Maybe they are sorting the socks into pairs in this story like we just sorted the fish. Let's read and find out!"
3. Build scissor skills with the shapes or other cutting practice activities we have provided. Help your child and "share the scissors" as needed to keep it fun!
